

ATTENTION: THIS AFFECTS ALL OF US! PARENTS, SCHOOLS, & CHURCHES

A DANGEROUS ATTACK ON THE SAFETY OF LITTLE GIRLS IN RESTROOMS, ACHIEVEMENTS OF WOMEN IN SPORTS, RELIGIOUS FREEDOM,

AND THE FREEDOM TO SPEAK YOUR MIND AND HEART

LEARN THE TRUTH: The "Equality Act"/HR-5 Has nothing to do with equality and it has nothing to do with "equality" for black people as a "race". They use the words "equality act" to get most people's support without them even knowing what the bill is about.

It is an enforcement that will take away the safety of little girls and women in public restrooms, among other things:

- **Men and boys will be able to go into women and little girls' restrooms**
- **Biological men will have access to bathrooms, showers, nursing mother rooms at any time, and may stay if they please**
- Boys and men may compete in any women's sport
- Girls and women sports will be taken over by biological men who are naturally stronger "even with low testosterone"
- Churches will be **forced** to host same-sex ceremonies
- Churches will lose tax exempt status for non-compliance
- **Colleges and private schools will lose accreditation for non-compliance**
- Non-compliant colleges would be ineligible to receive student loans, causing most religious schools to compromise their commission or close
- If churches or religious organizations take overnight trips, including sports on mission trips, they cannot segregate rooms by biological gender
- Churches will be forced to hire staff involved in LGBT conduct, even positions of authority and affiliated daycare classes and give them complete access to all children in the restrooms
- Cross-dressers could demand they be greeters, usher's, Sunday school teachers and more
- Even the smallest slight would give someone the legal right to sue the church
- For example, if a person assumed they were turned down for a staff position because of an LGBT lifestyle, they could sue the church for damages, even if that was not the reason they were denied the job!
- **Churches, religious organizations, and Christian schools will not be able to fight against this in any court**

There is NO religious exemption to this bill. YOUR BYLAWS DO NOT MATTER!

THE CHURCH MUST PRAY AND FIGHT...

SPIRITUALLY, MENTALLY, PHYSICALLY, FINANCIALLY, AND SOCIALLY

HR 5 is a bill that pushes the LGBT agenda on all people and targets Christianity in every area of life—including the church. There will be an increase of instances where Christians and others are being punished unless they violate their beliefs to comply with such a law. And that is just the beginning of unconstitutional chaos in America...

ATTN: THIS BILL AS ALREADY PASSED IN THE US HOUSE, (FOR THE SECOND TIME); IT IS NOW GOING BEFORE THE SENATE

PRESIDENT BIDEN SAID HE WILL PASS THIS BILL!

We must do whatever is in our hands to do (Ecclesiastes 9:10). Here is what we can do:

ACTION:

- We must pray fervently and believing without doubt that God will answer our prayers. *“The earnest prayer of a righteous person has great power and produces wonderful results”* (James 5:16). So, pray to God to kill this bill on the Senate floor, in the name of Jesus.
- The HR 5 bill is a direct attack against our religious liberties and freedoms we enjoy as Americans. We must stand together and fight, first in prayer, fervently, and then in action by calling our senators. govtrack.us is where you can find your Senator. However, for those who are in Florida: Marco Rubio [202-224-3041](tel:202-224-3041) and Rick Scott [202-224-5274](tel:202-224-5274). It is important call our senators and ask them to vote against it, or thank them for standing against it. To see the bill for yourself go to <https://lc.org/hr5>
- **Share this information with others!** The media and officials who are pushing this bill, will not tell us the truth about what is going on. Most people do not know about this bill. We must help people to know the truth!
- We must not be deceived. The titles of bills do not share what they are truly about. They use titles to deceive us emotionally. But the titles do not show how the bills are going to take away our freedoms. The HR1, “For the People Act” and HR5 “Equality Act” have deceptive titles, because they are dangerous to us all.

The HR5 bill destroys bathroom privacy. It would welcome both genders into every bathroom in America.

It directs religious K-12 schools and daycare centers to force children to obey adults who show up at work one day as a man and the next day as a woman. These children are at a highly impressionable age. When kindergartners have seen such events in the past, many have gone home shaking and crying, worried that they could wake up with a different gender!

Home-based businesses would be forced to hire and welcome LGBT people into their privately-owned home, even if they are trying to raise their children according to their own religious beliefs!

And there is NO RELIGIOUS EXEMPTION to this bill! It takes away our First Amendment Rights.

YOUR BYLAWS DO NOT MATTER!
